PAPERplus® PAPILLON
100% RECYCLED
ECO-FRIENDLY AND EFFECTIVE

PERFECT PROTECTIVE PACKAGING
**Paperplus® Papillon**

100% recycled paper padding offering optimal protection

Exceptionally eco-friendly padding material with excellent cushioning: The unique shape of the pad is patented. The pads are lightweight and offer a good cushioning spring effect. PAPERplus® Papillon paper padding can be used either for Top Fill or Block & Brace applications in the box. Furthermore, the Papillon pad adapts quickly around the products in the package and ensures a reliable protection of the goods by avoiding movement during transport. Papillon improves the presentation by offering a pleasant unboxing experience to the end-customer. Also, Papillon can be disposed of via existing recycling systems helps to reduce the use of primary raw materials.

---

**Paperplus® Papillon at a Glance**

- **Sustainable:** Produced from renewable raw materials
- **100% recyclable:** Part of the paper recycling loop and can replace raw materials
- **Reusable:** Padding can be used multiple times for its original purpose
- **Environmentally friendly:** Paperplus® Papillon uses only uncoated paper and inks which the recycler can easily remove (de-inking process)
